Angle In Deg:

60.0

Environmental Protection:

Oil resistant and heat resistant and static free

Strengthening Feature:

Synthetic cord

Performance Type:

Standard capacity

Cross-sectional Size:

3m

Width:

3.0 millimeters

Effective Outside Length:

325.0 millimeters

Material:

Plastic polyurethane body

Style Designator:

Flex type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
