**Angle In Deg:**

60.0

**Environmental Protection:**

Oil resistant and heat resistant and static free

**Strengthening Feature:**

Synthetic cord

**Performance Type:**

Standard capacity

**Cross-sectional Size:**

3m

**Width:**

3.0 millimeters

**Effective Outside Length:**

325.0 millimeters

**Material:**

Plastic polyurethane body

**Style Designator:**

Flex type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A228b0
