Environmental Protection:
Oil resistant and heat resistant and static free
Strengthening Feature:
Synthetic cord
Performance Type:
Standard capacity
Cross-sectional Size:
51
Effective Outside Length:
69.000 inches
Material:
Fiber and rubber and fiber synthetic and rubber chloroprene class cr and rubber synthetic body
Style Designator:
Plain
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A228b0
