Strengthening Feature:

Fiber cord

End Application:

W/s: support equipment, b-1 aircraft; victorious class t-agos 19

Performance Type:

Standard capacity

Cross-sectional Size:

A

Width:

0.500 inches

Pitch Length:

52.300 inches

Material:

Fiber and rubber and fiber synthetic and rubber chloroprene class cr and rubber synthetic body

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
