Strengthening Feature:

Fiber cord

End Application:

Shipboard material handling equipment (mhe); impeccable class t-agos 23; I.P. Compressors

Performance Type:

Standard capacity

Cross-sectional Size:

C

Width:

0.875 inches

Pitch Length:

98.900 inches

Material:

Rubber body

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
