Strengthening Feature:

Fiber cord

End Application:

W/s: fms-newport class lst; shipboard material handling equipment (mhe); arleigh burke class ddg; galley equipment & food service; waters class tags-45; blue ridge clas lcc-19; tarawa class lha; whidbey island class lsd; wasp class lhd

Performance Type:

Standard capacity

Cross-sectional Size:

A

Width:

0.500 inches

Pitch Length:

76.300 inches

Material:

Fiber and rubber body

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
