Environmental Protection:

Heat resistant and oil resistant and static free

Strengthening Feature:

Synthetic cord

Performance Type:

Standard capacity

Cross-sectional Size:

B

Width:

0.660 inches

Pitch Length:

96.800 inches

Material:

Fiber and rubber and rubber chloroprene class cr and fiber synthetic body

Style Designator:

Plain

Specification Data:

58536-a-a-52160/b95or government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A228b0
