Environmental Protection:
Heat resistant and oil resistant and static free
Strengthening Feature:
Synthetic cord
Performance Type:
Standard capacity
Cross-sectional Size:
В
Width:
0.660 inches
Pitch Length:
96.800 inches
Material:
Fiber and rubber and rubber chloroprene class cr and fiber synthetic body
Style Designator:
Plain
Specification Data:
58536-a-a-52160/b95or government specification
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A228b0
