Strengthening Feature:

Synthetic cord

End Application:

Forrestal class cv; emory s. Land class as; shipboard material handling equipment (mhe); wasp class lhd; nimitz class cvn

Performance Type:

Standard capacity

Cross-sectional Size:

A

Width:

0.500 inches

Pitch Length:

70.300 inches

Material:

Fiber and rubber and rubber chloroprene class cr and fiber synthetic body

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
