Strengthening Feature:

Synthetic cord

Performance Type:

Heavy duty

Width:

2.500 inches

Length:

63.500 inches

Usage Design:

Transmitting power

Thickness:

0.250 inches

Material:

Fiber synthetic and plastic polyamide

Surface Condition:

Rough

Style Designator:

Regular flat type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A228b0
