Strengthening Feature:

Nylon cord

Performance Type:

Regular commercial duty

Width:

0.562 inches

Pitch Length:

8.000 inches

Belt Coupling Type:

Coupling

Drive Type And Quantity:

85 teeth

Pitch Distance:

0.200 inches

Material:

Plastic polyethylene terephthalate body

Surface Condition:

Ribbed pulley surface

Style Designator:

Positive drive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A228b0
