**End Application:**

Grumman aerospace corporation a10 aircraft

**Performance Type:**

Standard capacity

**Inside Circumference:**

12.950 inches

**Diameter:**

0.034 inches

**Special Features:**

Belt is coiled wire rather than a round twist; wire diameter is 0.022in; used on a gyroscope

**Material:**

Steel body

**Surface Condition:**

Smooth

**Style Designator:**

Round twist

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A228b0
