**Angle In Deg:**

40.0

**Environmental Protection:**

Oil resistant and heat resistant and static free

**Strengthening Feature:**

Synthetic cord

**Performance Type:**

Standard capacity

**Cross-sectional Size:**

A

**Width:**

0.500 inches

**Pitch Length:**

31.300 inches

**Material:**

Fiber and rubber and fiber synthetic and rubber chloroprene class cr and rubber body

**Style Designator:**

Plain, cog or notched

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A228b0
