#### Angle In Deg:

38.0

## Strengthening Feature:

Synthetic cord

## Performance Type:

Standard capacity

# Width:

23.0 millimeters

## Effective Outside Length:

865.0 millimeters

#### Material:

Fiber body and rubber body and fiber synthetic body and rubber chloroprene class cr body and rubber synthetic body

#### Style Designator:

Plain

#### Shelf Life:

N/a

#### Unit Of Measure:

--

#### Demilitarization:

No

# Fiig:

A228b0
