Angle In Deg:

38.0

Strengthening Feature:

Synthetic cord

Performance Type:

Standard capacity

Width:

23.0 millimeters

Effective Outside Length:

785.0 millimeters

Material:

Fiber body and rubber body and fiber synthetic body and rubber chloroprene class cr body and rubber synthetic body

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A228b0
