Angle In Deg:

40.0

Environmental Protection:

Oil resistant and heat resistant and static free

Strengthening Feature:

Synthetic cord

Performance Type:

Standard capacity

Cross-sectional Size:

B

Width:

0.660 inches

Pitch Length:

39.800 inches

Belt Quantity:

2

Material:

Rubber chloroprene class cr and rubber natural and rubber synthetic

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A228b0
