Strengthening Feature:

Synthetic cord

End Application:

4920-01-210-6697 adapter kit, depot test cell

Performance Type:

Standard capacity

Width:

0.203 inches

Pitch Length:

7.363 inches

Drive Type And Quantity:

75 pin

Pitch Distance:

0.098 inches

Special Features:

Temp range minus 65 degrees f to plus 180 degrees f

Material:

Plastic polyurethane body

Surface Condition:

Smooth

Style Designator:

Positive drive, round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
