Strengthening Feature:

Synthetic cord

End Application:

Portable air compressor, model 3, series zpc 175/5

Performance Type:

Standard capacity

Cross-sectional Size:

A

Pitch Length:

66.300 inches

Effective Outside Length:

67.000 inches

Belt Quantity:

2

Special Features:

Top width 0.500in.

Material:

Fiber body and rubber body and fiber synthetic body and rubber chloroprene class cr body and rubber synthetic body

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A228b0
