Environmental Protection:

Waterproof

Strengthening Feature:

Steel cord

End Application:

Stowage drum

Width:

2.170 inches

Pitch Length:

151.450 inches

Belt Coupling Type:

Coupling

Drive Type And Quantity:

275 teeth

Pitch Distance:

0.551 inches

Product Name:

Timing belt, tadd, oa-9070e

Special Features:

Core is stainless steel; facing is nylon; teeth extend 0.419 inches

Material:

Stainless steel strengthening cord

Style Designator:

Positive drive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A228b0
