First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Circular grooved

Second End Groove Width:

0.0160 inches

Second End Groove Diameter:

0.1880 inches

Overall Length:

2.380 inches

First End Diameter:

Between 0.2480 inches and 0.2510 inches

Second End Distance From End To Groove:

0.120 inches

Surface Finish:

63.0 microinches

Material:

Steel

Material Specification:

Qq-s-763, class 303, cond a federal specification single material response or qq-s-763, class 304, cond a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
