Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-00-099-8400>

**Temperature Rating:**

Not rated

**Body Outside Diameter:**

14.000 inches

**Pressure Rating:**

Not rated

**Integral Valve Operation Method:**

Pneumatic

**Design Characteristics:**

Single acting single cylinder

**First Piston Rod End Style:**

External threaded

**Port Location And Quantity:**

1 cylinder head end

**Fsc Application Data:**

Marine landing ramp

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A34200
