Linear Actuating Cylinder Piston Rod - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-00-104-4625>

Overall Length:

24.250 inches

End Connection Type:

Threaded

Special Features:

Zmaterial document and classification: qq-s-624, 4140h, 4150h, 9840; surface finish: phosphate coating type z, class 3; body diameter 4.430 in.; w/2 holes 0.250 in.; second end, counter bore, internal diameter 2.477 in., depth 9.500 in.; used on m110a2 hw sp

Material:

Stainless steel

Thread Size And Series/type Designator:

27/8-12 un

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A525x0
