Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-00-110-8317>

**Body Material:**

Steel

**Bore Diameter:**

6.000 inches

**Body Outside Diameter:**

6.500 inches

**End Application:**

38209314509

**Design Characteristics:**

Double acting single cylinder

**Mounting Type And Location:**

Trunnion piston rod end

**Port Location And Quantity:**

1 cylinder head end and 1 piston rod end

**Fsc Application Data:**

Auger, earth, skid mounted

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A34200
