Width:

0.440 inches

Overall Length:

1.680 inches

Overall Height:

2.785 inches

Bore Inside Diameter:

Between 0.765 inches and 0.776 inches

Special Features:

Fbolt hole: qty-1, shape-round, size-0.380 in. Dia; attachment for which drilled, setscrew; distance from bore ctrline to base bottom, 0.840 in.; hole location, vertical ctrline 1.570 in. Below bolt holes ctr

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4, t351 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524a0
