Width:

1.000 inches

Overall Length:

Between 5.813 inches and 5.937 inches

Overall Height:

0.937 inches

Bolt Hole Quantity:

2

Bore Inside Diameter:

Between 0.390 inches and 0.406 inches

Bolt Hole Size:

7/16 inch diameter

Special Features:

Center to center distance between bolt holes: 5-1/16 inch between centers

Material:

Steel

Material Specification:

Qq-s-681, class 150-125 federal specification single material response

Fsc Application Data:

Fuel tank, engine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524a0
