Overall Height:

Between 0.060 inches and 0.062 inches

Overall Diameter:

Between 1.590 inches and 1.610 inches

End Application:

Actuators, c-130 and c-5 aircraft

Product Name:

Disk, brake, internally splined

Special Features:

id 1.00, major diameter 1.125 to 1.136, 17 teeth

Material:

Steel

Specification Or Standard:

4130 composition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A515v0
