First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Two cross drilled holes and internally threaded

End Application:

Centrifugal oil purifier, de laval, model 55n-03

Step Quantity:

3

Special Features:

2nd end, not threaded+drilled to accept plunger and spring

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
