**Body Material:**

Steel

**Overall Height:**

5.875 inches

**Overall Width:**

3.625 inches

**Body Outside Diameter:**

3.625 inches

**Compressed Length:**

22.500 inches

**Extended Length:**

30.500 inches

**Pressure Rating:**

Not rated

**Design Characteristics:**

Double acting single cylinder

**Port Thread Series Designator:**

Unf

**Port Thread Diameter:**

0.562 inches

**Port Thread Qty Per Inch (tpi):**

18

**Port Thread Class:**

2b

**Special Features:**

First port style 5, second port style 7, ports threaded identically

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A34200
