Body Material:

Steel

Overall Height:

5.875 inches

Overall Width:

3.625 inches

Body Outside Diameter:

3.625 inches

Compressed Length:

22.500 inches

Extended Length:

30.500 inches

Pressure Rating:

Not rated

Design Characteristics:

Double acting single cylinder

Port Thread Series Designator:

Unf

Port Thread Diameter:

0.562 inches

Port Thread Qty Per Inch (tpi):

18

Port Thread Class:

2b

Special Features:

First port style 5, second port style 7, ports threaded identically

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
