**End Application:**

5840-00-724-4915

**Housing Material:**

Aluminum alloy

**Special Features:**

Shouldered circular housing; inside diameter stepped from 2.375in. To 3.000 in. Dia; o.D. 3.902 in.; double flange w/12 mtg holes 0.136 in. Dia. Equally spaced around flange

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-225/8 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A522y0
