Special Features:

Steel ams 5518, two holes 0.196 in dia, first hole center 0.1875 from end, effective length 1.875, endradius 0.1875, width 0.375, tkk 0.087, length 2.875, second end 0.1875 radius terminating 35 degrees either side of center line, width at termination 0.175, start 0.120 radius @reversing at 45 degree point and continuing 45 degrees to maximum width of 0.375, cham on second end 0.025 x 45 degrees, hole centers 180 degrees apart, second hole center to second end 0.8125

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A524v0
