Friction Lining - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3040-00-264-9578

Fabrication Method:
Molded

Strengthening Feature:
Internally molded-in reinforcement

Application Type:
Dry

Features Provided:
Friction lining

Surface Condition And Location:
One side grooved

Attachment Method:
Riveted

Fsc Application Data:

Shelf Life:
N/a
Unit Of Measure:
-Demilitarization:

No Fiig: A230a0

Brake, electric
