End Application:

Uplock mechanism, main landing gear

Special Features:

Surface treatment: white paint, color no. 17875 per fed-std-595

Material:

Aluminum alloy

Material Specification:

C-07-111, alloy 7075, t7351, cage 36659 mfr ref single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524p0
