Overall Length:

5.980 inches

Body Width:

0.624 inches

Body Thickness:

0.624 inches

Link Style:

Clevis ends

Body Construction:

Solid

Special Features:

250 microinch finish on surfaces of entire connecting link

Material (non-core):

Aluminum alloy, fed, qq-a-250/4, alloy 2024, t81

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
