Effective Length:

241.000 inches

Core Construction:

Wire rope

Flexible Conduit Material:

Steel

Core Diameter:

0.312 inches

Core Processed End Connection Type:

Adjustable threaded adapter

Flexible Conduit Outside Diameter:

0.635 inches

Travel Distance:

4.000 inches

Core Material:

Steel

Fsc Application Data:

Foam controls, fire fighting equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524c0
