First End Style:

External threaded

End Similarity:

Identical

Overall Length:

10.000 inches

First End Diameter:

0.7500 inches

First End External Thread Length:

1.312 inches

Surface Finish:

125.0 microinches

Special Features:

Cotter pin hole on both ends

Material:

Steel comp 1018

Material Specification:

Qq-s-634, cond cd federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
