Width:

0.250 inches

Overall Length:

0.500 inches

Overall Height:

0.337 inches

End Application:

Actuator, electromechanical, rotary, control set, automatic flight control

Bore Inside Diameter:

Between 0.140 inches and 0.141 inches

Special Features:

2 bolt holes no. 4x40 unc2b thd; includes two heli and coil inserts

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524a0
