Body Material:

Steel

Bore Diameter:

3.750 inches

Compressed Length:

39.062 inches

Extended Length:

67.062 inches

Design Characteristics:

Double acting single cylinder

Mounting Type And Location:

Tongue cylinder head end

Port Location And Quantity:

1 center section and 1 cylinder head end

Port Style:

Gasket seal all ports

Port Thread Series Designator:

Npt all ports

Port Pipe Thread Size:

0.500 inches all ports

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
