First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Woodruff keyway and cross drilled

Overall Length:

10.500 inches

First End Diameter:

Between 0.9960 inches and 0.9990 inches

Second End Keyway Width:

0.2480 inches

Second End External Keyway Length:

0.875 inches

Second End Distance From Keyway Center To End:

3.809 inches

Second End Diameter:

Between 0.9960 inches and 0.9990 inches

Second End Hole Diameter:

0.3910 inches

Second End Distance From Hole Center To End:

0.500 inches

Second End Hole Depth:

0.999 inches

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
