First End Style:

Unthreaded cross drilled

End Similarity:

Not identical

Second End Style:

Cross drilled and externally threaded

Overall Length:

4.280 inches

First End Diameter:

Between 0.9985 inches and 0.9995 inches

First End Hole Diameter:

Between 0.3120 inches and 0.3180 inches

First End Distance From Hole Center To End:

0.567 inches

Second End Diameter:

Between 0.9985 inches and 0.9995 inches

Second End Hole Diameter:

Between 0.1390 inches and 0.1450 inches

Second End Distance From Hole Center To End:

0.156 inches

Second End External Thread Length:

0.650 inches

Second End Hole Depth:

1.000 inches

Surface Finish:

32.0 microinches

Material:

Steel comp 416

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
