Bolt Hole Quantity:

3

Bore Inside Diameter:

Between 0.310 inches and 0.315 inches

Bolt Hole Size:

0.102 inch diameter

Special Features:

Center to center distance between bolt holes: 120.0 degrees on 0.900 inch diameter circle

Material:

Steel

Material Specification:

Qq-s-763, class 302, conda federal specification single material response or qq-s-763, class 304, cond a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524a0
