**First End Style:**

Internal threaded

**End Similarity:**

Identical

**Overall Length:**

8.250 inches

**First End Diameter:**

Between 2.2479 inches and 2.2486 inches

**First End Internal Thread Length:**

Between 0.190 inches and 0.220 inches

**Special Features:**

Groove is included, 0.190 in. From the second end, 0.160 in. Wide; 4 holes, 0.190 in. Diameter; 2 centered longitudinal holes; first end, 3.060 in. In length, second end, 3.190 in. In length; 2 cross drilled holes, 1.440 in. Deep; first hole, 2.72 in. From first end second hole, 2.860 in. From second end; cross drilled holes intersect longitudinal holes

**Material:**

Steel comp 8620 or steel comp 8720

**Material Specification:**

Qq-s-624 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23200
