Overall Length:

2.062 inches

Body Width:

0.500 inches

Body Thickness:

0.320 inches

Link Style:

Straight

Body Construction:

Solid

Special Features:

First end of link is clevis type-fork width 0.320, fork span width 0.103, fork depth angled 0.750 in. To 1.562 in.

Material (non-core):

Steel, qq-s-763, type a, class 6

Material:

Steel

Surface Treatment (non-core):

Chemical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524I0
