First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Flat grooved

Overall Length:

10.000 inches

End Application:

HARN-IS-CHF-EGER

First End Diameter:

1.2500 inches

Second End Distance From End To Flat:

0.281 inches

Second End Diameter:

1.2500 inches

Second End Grooved Flat Length:

0.2190 inches

Second End Grooved Flat Depth:

0.241 inches

Material:

Steel

Material Specification:

Sae 1024 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
