Overall Length:

2.280 inches

End Application:

Aircraft, t-37

Housing Material:

Aluminum alloy

Special Features:

Painted gloss black external surfaces

Material:

Aluminum alloy

Material Specification:

Qq-a-601 356-t6 comp 3 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625 type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A522y0

Mil-std (military Standard):

Mil-a-8625 spec.
