Overall Length:

20.050 inches

Body Diameter:

0.500 inches

Link Style:

Connecting arm w/ retaining pin holes ends

Body Construction:

Solid

Special Features:

Another ident through hole located 0.810 in. C to c distance btwn holes; other end of link is ext thd, 2.000 in. Thd lg, 1/2-20 thd size, unf screw thd series designator, right-hand thd direction

Material (non-core):

Steel, astm a108

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
