Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3040-00-771-3761

Tempurature Rating:
Not rated
Pressure Rating:
Not rated
Integral Valve Operation Method:
Pneumatic
Design Characteristics:
Single acting single cylinder
First Piston Rod End Style:
External threaded
Port Location And Quantity:
1 cylinder head end
Fsc Application Data:
Ramp air control system
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A34200
