Thread Direction:

Right-hand

Thread Length:

0.3125 inches

Overall Length:

146.8125 inches

Endlength:

0.781 inches

Core Diameter:

0.203 inches

End Type:

Threaded female

Spline Type:

Straight

Cross Section Size And Location:

0.390 inches diameter

Special Features:

Thread size and series/type designator is nf 0.625-18 and ns 0.875-18.

Material:

Steel

Surface Treatment:

Zinc

Fsc Application Data:

1. Mechanical motion measuring instrument

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T246-d
