Special Features:

1.795 in o/d tapered lg 1.005 in to 0.530 in, first end has 0.160 in diameter positioning hole and one center hole 0.860 in dia, second end counterer bored 1.635 in 0.415 in depth 1.575 in bore dia

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A50800
