First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Circular grooved

Second End Groove Width:

0.2500 inches

Second End Groove Diameter:

0.3440 inches

Overall Length:

2.563 inches

Second End Distance From End To Groove:

0.875 inches

Surface Finish:

32.0 microinches

Material:

Steel

Fsc Application Data:

Winch, aircraft mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
